DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 16, 18, 21, 22, and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by van der Graaf #4,459,066. Van der Graaf discloses a single rigid seafloor riser support 15, 17, 27 that includes a supported pipe 1 fixed at a plurality of location, the riser support lying at a height above the seafloor but below the height of the sea.

Allowable Subject Matter

3. Claims 17, 19, and 23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claim 25 is allowed.

Response to Arguments

5. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Maloberti et al discloses a rigid seafloor riser support, see figure 7.
